Xpress Health – Ireland's Trusted Healthcare Staffing Platform

Xpress Health is Ireland's leading AI-powered healthcare staffing platform, headquartered in Dublin. We connect qualified healthcare professionals with hospitals, nursing homes, and care facilities nationwide, delivering flexible workforce solutions and high-quality staffing on a large scale.

Built to address critical staffing challenges in the healthcare sector, Xpress Health enables healthcare providers to fill shifts quickly and efficiently while empowering professionals with flexibility, transparency, and competitive pay.

What We Do

Xpress Health seamlessly connects healthcare professionals with high-paying, flexible shifts across Ireland through an intuitive mobile app and web portal. Our platform supports real-time shift booking, credential management, payroll processing, and workforce analytics—ensuring compliance, efficiency, and reliability for both staff and facilities.

Who We Serve

Healthcare Professionals

We support a wide range of qualified professionals, including:

- Registered General Nurses (RGNs)
- Registered Psychiatric Nurses (RPNs)
- Healthcare Assistants (HCAs)
- Pharmacists
- Allied Healthcare Professionals

Professionals gain full control over when and where they work, with access to instant pay, 24/7 support, and transparent shift information.

Healthcare Providers

Xpress Health partners with over **900 healthcare facilities** across Ireland, including:

- Public and private hospitals
- Nursing homes
- Residential care facilities
- Community and specialist care settings
